May2017 [Thoughts on extending the Project Academy offerings-05282017.docx](#)

Thoughts on extending the Project Academy offerings:

(Don't want this to be a one shot class for the students but rather to build expertise in life-skills and problem solving).

Added activities:

Improv activities in class

Additional on-going extensions to 1st class

- Create extensions like martial arts
- Form remote teams and compete for prizes
- Create different levels of problem solving classes
- On-line system learning
- Different levels of problem solving
 - Political
 - Social
 - Environmental
- Students become facilitators in other classes

Become a Gap provider for students after HS. Work on major social/ community problems with partner corporation and non-profits. <https://thinkingbeyondborders.org>
