

Measurements for our Politicians

MEASUREMENT

Politician's name

District: _____

State: _____

Date: (Range)

Purpose: Values we teach our grandchildren should be promoted.

scoring system

(e.g., 1-5, where 1 indicates poor adherence to the criterion and 5 indicates excellent adherence)

Scoring agent name:

Measurement- Ethnical	Score 1-5	Criteria
No Personal Attacks- Civility		This can be evaluated by monitoring the language and tone used by politicians when communicating with each other and with the public. This can include speeches, social media posts, and interactions during debates or hearings. Assessing whether politicians are avoiding personal attacks and showing civility towards others can provide an indication of their ethical standards.
Transparency of Thought		Explaining their reasons behind their decisions
Listening to others		Represent 100% of your constituents Curiosity of other views
Look for Compromise		Common Ground – There is good in all of us

My estimates

Measurements for our Politicians
