

Learning-Ball Team

The program focus is to create an on-line fun learning activity for adults looking to improve their mind while building community skills. The process is to build skills in team creation, self-management and problem solving.

Activities:

1. The group is self-directing and builds its rules of engagement & culture to become a team.
2. Shares a common approach often translated as "I am because we are," or "humanity towards others ... ubuntu ,
3. Each of us is a mentor with our teammates.
4. Having fun.
5. Exploring new subjects.
6. Develop an ownership mindset of who their customers are and their needs.
7. Building new relationships & Skills

Process followed	Benefits
<ul style="list-style-type: none">• Introduction• Team Formation• Infuse skills• Problem selection• Problem solving• Testing• Public reporting• Follow-up support	<ul style="list-style-type: none">• Learn virtual classroom skills to support a portion of your activities• Create a learning engagement through questions & ownership• Develop self-directed learning skills• Learn ownership skills that you can pass to others
