

Project Buster Club:

An after-school project based learning program... Learn skills to be successful in dealing with community problems.

You will work on a project with others (one that you choose) and learn skills while having **fun in solving the problem**. These are REAL design challenges that the communities and the world are facing. While doing these engaging challenges, you will learn skills that will serve you for your whole life. Build your innovative and entrepreneurial skills while doing this project.
