

Connect team members as coach/ mentor to support each other in learning. Each team member becomes a coach to another in learning the life skills necessary to be successful in the business and society.

Team members are taught what it is the be a coach.

The following tips will help learning coaches be the most effective they can be:

- **Help create learning goals**
- **Set your learner's routine... connect to team goals**
- **Prompt your learner to stay on task**
- **Approve completed lessons.... Review lesson**
- **Help your learner set up daily and weekly study schedules.**
- **Mark attendance at the end of each day and prepare for the next day's lessons.**
