

Uniqueness: The program focuses on teaching life-skills to create a well-rounded individual who will fit into the work environment. It uses the concept of mindset thinking around the following:

- Ownership mindset ... ***Think like an owner, process simplification***
- Cultural Engineering mindset ... ***Provide leadership & management of a project***
- Growth mindset ... ***Your brain is like a muscle, use it or lose it***
- Team mindset ... ***To be successful. You need to work together***
- Brand mindset ... ***Who are you and how to show the world***

Market we are serving: Project Academy's program serve the business & community organizations and our youth who need to enter the job markets or higher education and be success. We work with Schools, Non-profits and the "drop-out" and "homeless" population in community organizations. We collaborate with non-profit organizations to share and improve our concepts to serve our customers.

Benefits to our customer base:

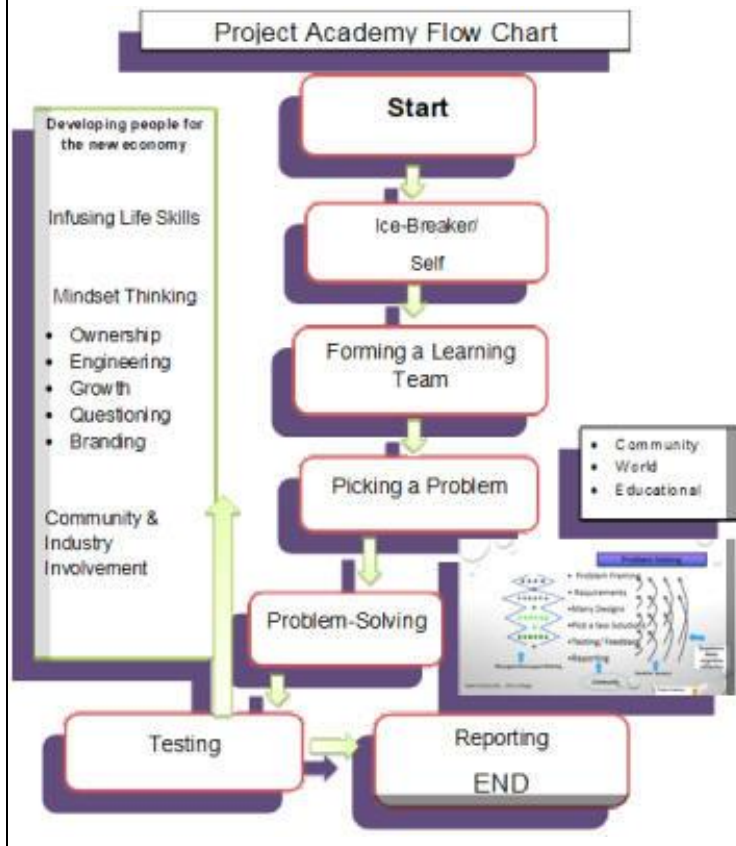

- **Youth:** success in their college and/or careers by learning life-skills such as; Communications, Team work, Problem solving, Decision making, Goal setting and planning skills, Thinking skills and social & emotional skills.
- **Educational organizations:** The students are self-directed learnings and prepared with life-skills for learning.
- **Businesses: Employee's** Understand the corporate needs and language;. Cost saving related to the retention of new employees
- **Community:** Students becoming thinking members who add value.

Results: From our experiences in business & education, we have created a curriculum that sifted out the manual part of work and created thinking employees with unique mindset thinking and life-skills to be productive in your organization. These are the people that AI will be difficult to replace.

Our Learning Process (Using Project Based Learning):

Program Flow Chart

Elements of the Learning

- Use of cognitive tools for business processes
- Focus on students' strengths
- Infuse life skills during the project-based activities
