| Learning Targets	Represent Clear, Manageable Goals

Section: bb1-tools

Develop learning targets for myself using "I Can…

Section	Learning targets
Introduction	Getting to know more about the tools, How do they support your work process, How do they make things better?
Tool design	Can I design a tool for a specific application? What are the elements of a tool design?
Are tools related to specific industry applications?	Discuss with the team the possible different job descriptions
Creating a learning opportunity	Can I create with my learning buddy a tutorial for others about these tools?
Practice	How can I practice skills to get better at using these tools?
Reflection	I can discuss what I learned and what I need more help with.

Notes:

What learning elements do we want to take away from doing this section of the project.
